Introduction to 3CX

Cost-Effective Communication Solutions

80%

Savings

3CX offers up to 80% savings on operational costs for businesses, particularly beneficial for larger enterprises with extensive workforces.

0

Per-User Fees

Unlike competitors who often charge monthly fees, 3CX's pricing model includes a flat annual rate with no per-user fees, reducing ongoing expenses significantly.

Flexibl

e

Deployment Options

3CX empowers IT teams to self-manage the phone system, allowing deployment on preferred platforms like Amazon AWS, Google Cloud, or Microsoft Azure, reducing the need for dedicated servers and saving on hardware costs.

Scalabl

e

Solutions

The Small Business Phone System by 3CX provides a scalable solution that grows effortlessly alongside a company, accommodating expansions in locations or workforce without complex or expensive upgrades.
